My story and why I need a sponsor.	<p>I stay with my parents. They are peasant farmers. We only depend on the produce which is seasonal. When the climate changes negatively it affects the crops like how it is these day and we are many at home all depending on the little income got from the crops. Sometimes our parents consider some and leave some as Education is concerned. And when I see myself being left out it pains me so I request anyone willing to help me in my Education to help me because we are poor. God bless you my dear friend. I love you so much.</p>
