<b>My story and why I need a sponsor.</b>	Am a poor and weak woman to do work in order I can earn a living. My 5 grandchildren that I stay with are under my care. I do not have help or work to do to sustain their welfare. I have aged and am unable to work.	
<b>How am I cared for today?</b>	I used to grow food for both home consumption and sale but since I became weak I no longer dig. My older grandchildren dig and sell foods in order to get money to buy home needs. Sometimes I get assistance from my relatives in educating the grandchildren.	
<b>Details of my health.</b>	I have a problem of general body weakness, Deterioration of eye sight, joint pains and High Blood pressure.
